

OREGON THOROUGHBRED REVIEW

Sharon Hession

DuCall – “Oregon Horse of the Year”

FIRST LANDING IS LEADING TWO YEAR OLD SIRE

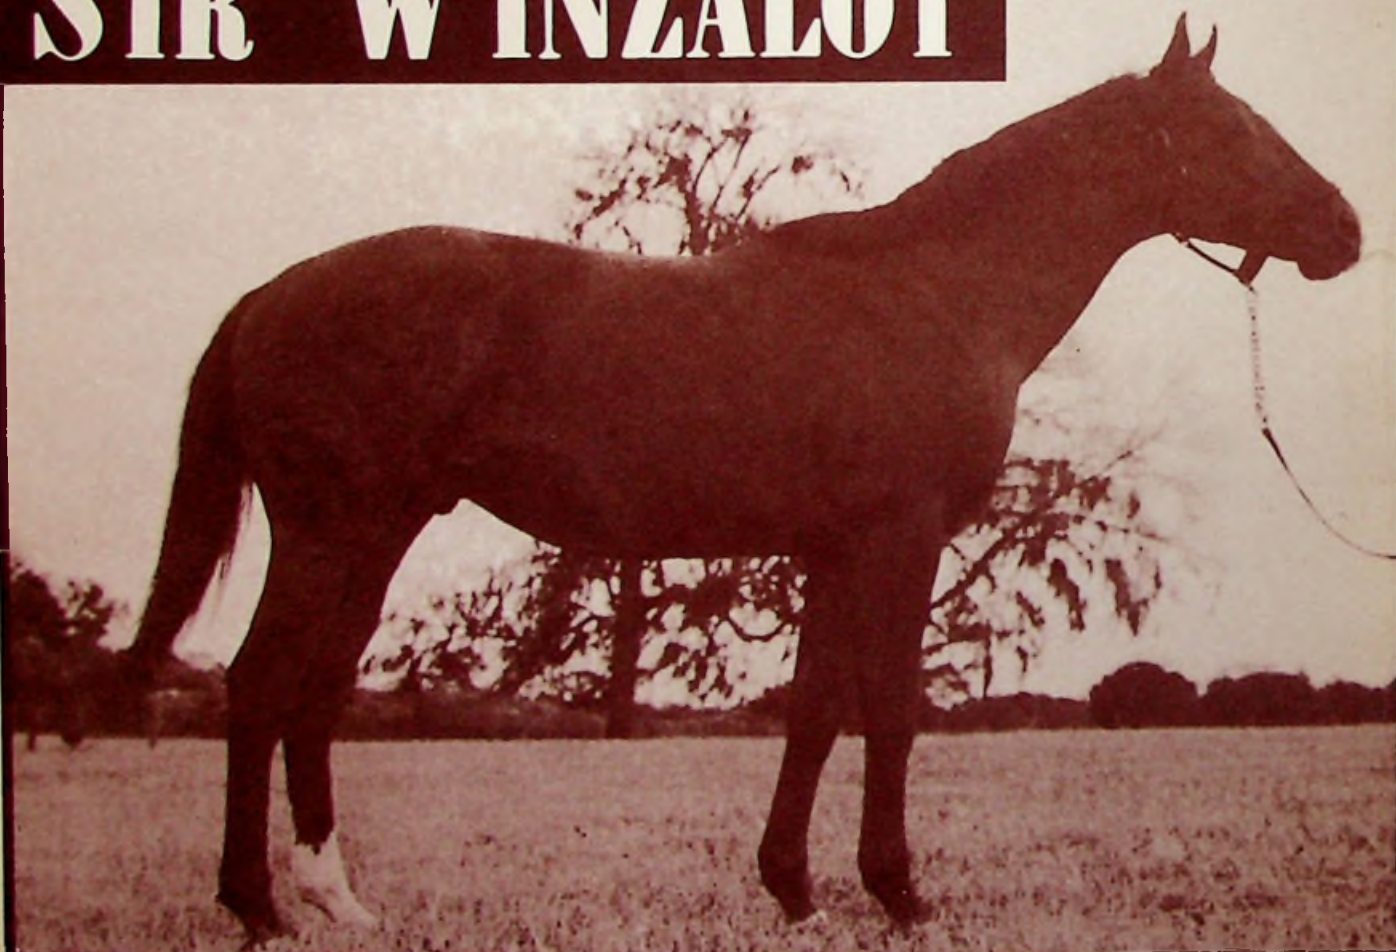

1971 statistics show First Landing to be Top two year old sire, sire of \$1 million winners, and in the Top Fourteen Average Earnings Per Start and Per Runner.

First Landing is sire of 15 stakes winners, as Riva Ridge \$503,200, Balustrade \$281,256, Jim J. \$212,371, Gladwin \$192,667, First Family \$188,040, Coup Landing \$186,700, Advance Party \$138,100, Pleasant Harbour \$113,100, etc.

Sir Winzalot, one of First Landing's best racing sons, won the Hurricane H., the Orange Bowl H., was second in the Sanford S., Hutcheson S., and third in the Christiana S. He met and defeated Top Bid, Monitor, Favorable Turn, Reason to Hail, Tequillo, Abe's Hope, Crafty Look and many other top stakes performers to earn over \$88,000.

Sir Winzalot has it all! Race Record. Conformation. A live sire line. A great producing female family.

1971 Highlights Oregon Breeding and Racing

Oregon saw many fine stallions appear in the breeding industry during 1971. Stallion owners have presented a variety of the finest bloodlines ever seen in this part of the country. Top and bottom pedigrees of these stallions include T.V. Lark, *The Pie King, Prince John, First Landing, Johns Joy, Never Bend, War Admiral, *Bernborough, Lea Lark, Pilate, Oil Capitol, *Princequillo. These bloodlines will be producing Oregon bred foals of 1972 and 1973.

Let us take a look at Oregon foals bred and raised in earlier years which made the 1971 racing statistics, covered in this Annual Review.

The top breeder of Oregon bred money winners during 1971 was Mrs. Mary Goldblatt, with runners earning \$99,496 for the year. Mrs. Goldblatt maintains ownership of most of her foals as they carry her name to the winners circle.

Topping the list of Breeder Awards paid during the year to those breeders of Oregon bred stock running at Portland Meadows and the Oregon State Fair is M. C. Shelley, collecting \$1,956 in incentive awards for his role as a breeder.

Mioland still reigns as All-time Leading Money Winner with earnings unsurmounted by today's top runners and better purses. Mioland is a true legend in Oregon racing.

Oregon bred Horse of the Year for the second season in a row is the Conley standout, DuCall. DuCall is inching closer to the all-

time greats of Mioland and Praise Jay with his lifetime earnings of \$90,512.

Broodmare of the Year, also for the second straight time, is the dam of DuCall, Nellie Bee. Earnings of her seven racing foals is now \$200,251. All of these foals have earnings over \$10,000 each.

Mr. Thong, standing at Sunny Slope Farm in Oregon, takes the Sire of the Year honor. Twenty five running sons and daughters give him total earnings of \$72,420 for an average per starter of \$2,897.

In the average per starter category, Mrs. Mary Goldblatt's King Julian shows an impressive \$5,964 per starter. With nine starters, his foal earnings of \$53,680 put him in fourth place behind Mr. Thong, *Pirnie, and Royal Rage.

Juvenile Sire is a repeat honor for Philately with seven two year old winners this past year. Philately no longer stands in Oregon, but records show he continues to sire many Oregon bred foals.

Deceased sires lead the list in number of races won for the year. *Pirnie first at 42 races won with Royal Rage his closest rival showing a total of 36 won.

The Stallion Stakes, in two divisions on May 16, saw Multnomah and Philately breeding crossing the wire first in each division. Thus, the first two year old stakes winners of the season were Chez Harry and Phantom Go.

In the Futurity divisions, Beau Julian was a three length victor over Autumn Day and Regular Pilot in the first division. The King Julian — Hark Hark son is bred

and raced by longtime breeder Mary Goldblatt.

Pajarama, by Pajone — Weben-Win, scored a 2½ length victory by downing Miss Sue Granite and Chez What for the second division. This impressive youngster lost a battle for life in the late summer after being shipped to California to ply his talents there.

Johnie High turned back Harkville and Beaverville in the Oregon Derby by a slim ½-length to be leader in sire Lookout Point's money winners.

The Janet Wineberg stake race for Oregon bred fillies was taken by Mr. Thong and Emerald Delight's Roman Emerald. The filly bred by L. E. Sprague and owned by MAM Stables lasted just long enough to hold off Western Corral Stable's Magic Art by a neck.

With the burnt out shell of a grandstand renovated and ready for business on February 6 as planned by the new Jerry Collins regime, Portland Meadows recorded a record year. Total purse distribution topped the \$1,000,000 mark (\$888,790 for thoroughbreds). The return to the state topped the \$1 million mark for the first time with \$1,071,729 in state revenue generated from total wagering of \$20,610,176, easily a new record which also figured to a new daily average record of \$317,079.

An additional record which was one we could have well done without was 39 consecutive racing days with an "off" track condition. Who wants to brag about that one!

Perfecta betting was introduced to the Oregon patrons by the new

management along with many new faces among the P M Official family.

Though the ever present struggle of more horses wanting stalls than stalls available, a larger percentage of home bred horses can not be found at any race track. Fifty-nine per cent of the horses on the grounds at Portland were Oregon bred.

There were 155 Oregon-bred races for thoroughbreds figuring to 26.9 per cent of the races written. Homebreds also dominated open competition in winning 36.5 per cent of the open races.

During this season the ever popular O.T.B.A.'s Horsemen Dinner-Dance was held at Taylor's View Point. Good food, hilarious awards, door prizes, and dancing made for an evening of fun and gaiety.

Final standings of leaders in three categories for the Portland Meadows meet were: Jockeys, Richard Wright, VonCunningham, and Ron Chapple; Trainers, A. J. Branenburg, N. E. Norton, and Elwin Gibson; Thoroughbred Owners, Mary M. Goldblatt, Mr./Mrs. L. I. Tait, and M. C. Shelley's Square S Stable.

After the Portland Meadows season was over Oregon bred horses made their presence known at tracks North, South, East, and West.

No doubt the most highly enjoyed places were those of the so-called bush circuit in Oregon comprising the well-known towns of Ontario, Tillamook, Prineville, and Lakeview.

"The Big One," the Oregon State Fair opened by surpassing the 1970 record opening day handle and setting a new Sunday record handle. Unusually heavy rain set a muddy stage for the balance of the meet and some of the slowest track conditions ever seen were recorded. The pari-mutuel spirit was not dampened, however, as the fans poured a whopping \$235,565 through the windows on Labor Day, the last day of the Fair.

Rages Joy returned to her "favorite" self after some poor races earlier in the year by going wire to wire in the McFadden Memorial at Salem.

Mr. or Mrs. E.J. Schnell's Piano Keys won the first division of a muddy OsWest Memorial as D. E. Terry's Hasty Gale rallied to win the second division.

At the end of the State Fair meet the leading rider, in his home town, was Ray Youngren, with 16 wins. Leading trainer title went to Ysedro Bicandi.

Oregon bred horses were popular at the claim box throughout the country as many changed hands from bottom claim up to the \$12,500 price. Windy Native brought the \$12,500 amount in California, and popular Flashing Hal was claimed four times at \$6,250 - \$8,500 at Longacres and in California. Harkville was claimed from Mrs. Goldblatt at Sportsman Park for \$7,500 and claimed again at Tropical Park for \$8,000.

At Playfair Race Course in Spokane, the Oregonians continued their success in dominating stakes events at that oval. Of 27 open stakes in 1969-1971, Oregon bred horses have taken 14.

As reported in the recent January issue, our home bred stock fared well in earning money through the California circuits in addition to Longacres and Playfair triumphs.

The year 1971 goes down as another step up the ladder by Oregon breeders in their Oregon industry.

NOTICE

Oregon Rules of Horse Racing, 30-826 Registration of an "Oregon-Bred" Horse

The breeder or owner of an "Oregon-bred" horse shall register such horse with the Oregon Thoroughbred Breeders' Association hereby officially approved by the Commission as the agency for such registrations, attesting that the horse is an "Oregon-bred" as defined by these rules. No breeder shall be entitled to the breeders' award until the horse is so registered. No horse will be certified for breeders' awards unless registered with the Oregon Thoroughbred Breeders' Assoc. prior to winning a race.

Registration Fee: \$3.00 for O.T.B.A. members

It will not be necessary to register a thoroughbred prior to his two-year-old year. Registration anytime before winning will qualify the breeder for his award.

One registration only per Oregon-Bred is required. Forms available at the association office, 1001 N. Schmeer Road, P.O. Box 17248, Portland, Oregon 97217, Phone 285-0658.

Portrait of a "BUSH" CHAMPION

I'll lay 10 to 1 that you can't tell me the name of the horse who, during his 10-year racing career in Oregon and Idaho, won exactly 63 purse races, at least as many match races, and... was used as a packhorse on deer hunting trips during the off-season!

Obviously no ordinary racehorse, his name does not, however, appear on any "all-time money winner" lists with the likes of Mioland, Doctor Spark, Praise Jay, or Judy B., for two very important reasons:

(1) His total career earnings amounted to approximately \$6000, or less than \$100 per win, and

(2) As you may have guessed, his exploits were staged not at recognized "Big Apples" like Portland Meadows but at such dubiously illustrious places as Burns, Union, Ontario, and John Day in Oregon, and Emmett, Payette, and Sage Acres in Idaho.

Gold Dust was his name and, yes, he was, in the strictest sense, a "bush" horse. A severe injustice is rendered, though, if one attempts to attach more than a mere geographical connotation to the word "bush" in this case, because Gold Dust was *not* a bush horse in any usual or traditionally demeaning sense.

The reason Gold Dust was destined to earn his reputation on half-mile ovals which had to be cleared of women, children, dogs, and tumbleweeds before each race was not because he lacked the ability to compete successfully at the larger tracks. In fact, he time and time again humbled the bigger-name runners who occasionally dropped in from one of the major tracks to pick up a little "easy money" at the bush meets.

No, Gold Dust was forced to be a bush-track competitor for a reason entirely beyond his control. This reason is but one element of a colorful story that can now be told because time has rendered impotent any implications of illegality or indiscretion associated with this remarkable horse and his remarkable story. I suppose the best place to start is at the beginning...

In the spring of 1945 on a ranch near Payette, Idaho, Gold Dust was foaled. He was a chestnut horse with a blazed face, two large white, rear stockings, and... two grotesquely crooked front legs!

In the amazing years to come, some horsemen believed that Gold Dust truly was, as represented, the progeny of a palomino stud named Cornsilk and a thoroughbred mare named Jevo. Other more skept-

ical horsemen (especially those whose horses were perennially trounced by Gold Dust) refused to accept that contention. Instead, they theorized that Gold Dust's breeder had switched some papers around at the time of the horse's birth, figuring that even a mixed-breed with four straight legs had a helluva lot more potential as a runner than a thoroughbred with two crooked legs.

The facts have never been established for certain but, even during the height of Gold Dust's winning career, the Jockey Club could never be talked into looking leniently upon his questionable background. Thus, the "bushes," where technicalities are less important, were forever to be Gold Dust's home.

Gold Dust was purchased at auction as a yearling in the summer of 1946 for \$150. The new owner was actually a syndicate (a \$150 syndicate!) composed of Leo Smith and Bill Vogt of Caldwell, Idaho and the latter's brother, Dean Vogt, the owner of a small but moderately successful stable at Portland Meadows since 1966.

In reminiscing about a horse of Gold Dust's caliber there is a temptation to fall back on the old cliché; "they just don't make 'em like they used to." Well, perhaps they don't. After reading of just a few of this colorful horse's many accomplishments, you may, indeed, arrive at the same conclusion.

As a 2-year old, Gold Dust's heart had grown large enough to more than compensate for a physical infirmity (the crooked legs) that had improved but still appeared serious enough to prevent most ordinary horses from ever entertaining any thoughts of winning a horse race. In his first year as a runner, however, Gold Dust (trained by John Schooley, Sr. and ridden by Jerry Schooley) won the 1947 Sage Acres Futurity and seven other races, including the John Day Derby when he was entered in that race by mistake.

Gold Dust's Derby win as a 2-year old was the result of an improbable fiasco that began when a substitute trainer was secured to take a stable totaling five horses to a race meet at John Day, Oregon. The fill-in trainer was an old veteran with lots of bush-racing experience but the years had taken more than a slight toll on his mental capacities and he proceeded to completely botch up the entries. The intended Derby horse was entered in a 3-furlong sprint and Gold Dust ended up in the Derby at one mile against older horses. He won the race, however,

and set a new track record in the process! In fact all five horses won even though none was entered in the race intended. One disqualification resulted when officials discovered the day's 2-year old race had been won by a 7-year old horse named Sailor.

After winning three or four races as a 3-year old, Gold Dust suffered a split sesamoid and was turned out for a year. Returning as a 4-year old, he won 15 purse races in 16 starts and a comparable number of match races. His lone defeat that season occurred in a race at Ontario. Taking the lead almost instantly, as usual, Gold Dust was winging his way easily down the backstretch when his legs suddenly buckled and he went down in a heap. Both horse and rider had suffered a brush with death and, back in the barn, the reason was discovered. . .there on his neck was a large welt and conspicuous needle mark. Thereafter, Gold Dust was guarded and closely examined before all his races.

It was also during his 4-year old season (1949) that Gold Dust played an important role in launching the career of Jack Arterburn, whose talents as a helmsman have since earned him a reputation as one the top jockeys in this country. Today Arterburn plys his trade at big-name tracks from coast to coast but his first lifetime ride, although a winning one, was actually a rather inauspicious beginning. The event was a half-mile match race between Gold Dust and a horse named Maltese Betty. The latter was owned by Ted Smith, the popular and perennially successful trainer of top allowance and stakes stars at Portland Meadows.

Maltese Betty was regarded as a worthy opponent for Gold Dust and the race proved highly interesting, but less for the ultimate outcome (Gold Dust won in a tight finish) than for the manner in which the race was won. Coming out of the gate, Arterburn dropped the reins over Gold Dust's head. He reacted by reaching around and grabbing onto his horse's neck for dear life. It made quite a sight. . .Gold Dust pounding down the stretch head and head with Maltese Betty, his reins flapping in front of him and his rider clinging to him in a manner quite unbecoming of a rider with the status he was someday to attain. As usual, however, Gold Dust showed that it took more than a little poor racing luck to beat him.

The era and setting in which Gold Dust existed possessed, in general, a spirit and atmosphere that was somehow unique but which, in retrospect, seems

to defy concrete description. It was a spirit which, sadly perhaps, will never be exactly matched by anything that modern racing has to offer. Witness, for example, this excerpt from a newspaper article describing a day at the Ontario races during the period which is the subject of this story:

B.B. Greer rode home four winners during the seven-race card.

In three races he fought a riding duel with his older brother J. Greer, and a fourth time they fought with fists. In the fourth race J. Greer claimed a foul against B.B. Greer, contending that his brother cut in on him in a turn. However, the stewards disallowed the foul claim.

After the stewards' decision was announced, the two jockeys retired to the paddock where the brothers squared off with fisticuffs and had it out.

Typical, also, of this era was the fiercely contested match race, in which things such as pride and reputation were often considered more important than the money stake involved. And like a gunslinger with a reputation as "top dog," Gold Dust was naturally the target of innumerable challenges.

One such challenge, more formidable appearing than most, occurred one day while Gold Dust was stabled at Sage Acres. As my Dad recalls in relating the story to me, the challenger was "a hot-shot looking guy from Phoenix with a racy looking horse and a fancy car and trailer." Well, just the "fancy car and trailer" were enough to scare away all but Gold Dust. The Phoenix Challenger was looking for sprint matches at a distance of a few hundred yards. Because, however, his horse appeared to have some quarter breeding, a compromise was negotiated. The two horses were to meet four times over a period of four days at progressive distances of 300 yards, a quarter mile, three-eighths, and a half mile... at \$50 per race.

As the time for the first race approached, there were few side bets on Gold Dust. The challenge had been accepted mainly as a face-saving gesture and Gold Dust's owner hoped simply to make the lost money back at the longer distances. Gold Dust displayed more than a fair amount of versatility, however, by nosing out the other horse with a driving, last second rush. The Phoenix Challenger didn't show up the next day for the second leg of the "quadruple

(continued page 32)

turf talk . . .

Tom Crawford, part owner of star horse Turbulator, and a highly regarded conditioner at Washington tracks, passed away February 27. Cause of death was a heart condition which had previously bothered him over the years.

Yakima Meadows has begun its 25-day spring meeting, running two days per week until late April and then three days per week. The fall meet there is scheduled for October 7 thru November 26.

Sixteen stalls of a Turf Paradise barn were destroyed by fire on January 31. In addition to the loss of five thoroughbreds, damage to the barn structure was placed at \$20,000. The quick action of horsemen, police, and fire department in response to an automatic fire alarm system saved further horse and barn loss.

Through the Agriservices Foundation we have received the following facts and figures presented by Dr. M. E. Ensminger, showing the magnitude of the U.S. horse industry: (1) Number of horses – 7½ million. (2) Total investment – \$12 billion. (3) 4-H Club members with horses and ponies – 231,206, exceeding 4-H beef cattle members by 80,000. (4) Annual expenditures for horse feed, drugs, tack and equipment – \$735 per horse, for a total of \$5.5 billion. (5) Annual wages paid in the horse industry – Over \$1 billion. (6) Annual pari-mutuel taxes paid to the various states – \$450 million. (7) Race spectators – 75 million in 1970, which was 34 million more than witnessed second ranking pro and college football that same year. Thus, an important industry.

The future exercise rider and jockey colony is on the increase. Wayne Freeman and Tim Abraham both weighed in baby boys during February.

Early in the 1972 racing season Royal Rage and *Pirnie are again dominating the number of races won by their progeny. It is noted that both stallions are now deceased, as their best years come to hand.

Willie "The Shoe" Shoemaker equalled Eddie Arcaro's all-time career record for stakes winners numbering 554, by piloting victorious horses in two divisions of the San Luis Obispo Handicap at Santa Anita, racing over the grass course.

Helen Whitmire and Tony Whitmire, a mother and son combination, teamed together to record the first two year old winner of 1971 and the first two year old winner in 1972. Tony's filly, Chili Sauce, won the first two year old race in 1971 and Washougal, bred and owned by his mother took the first two year old race of this year.

Horses are athletes by all means and are trained and conditioned just as an Olympic star, professional player, or any other sport participant. In a recent experiment conducted by Bjoern Edblom of the Stockholm College of Physical Education in Sweden, they discovered a very interesting phenomenon. Each of seven athletes had one pint of blood taken from them and one month later just before competing in their prospective sports events were given the pint of blood back. Performance levels of each man raised 20%. If the same was employed in the thoroughbred, it could just make winners out of ordinarily "also-rans".

The committee for the OTBA's Horsemen Dinner-Dance has arranged an attractive menu and popular place for the annual event to be held this year on Sunday, April 30. Jack & Jill's will be serving a fine Western Bar-B-Que in sit down style. Western music will round out the theme for the evening.

Portland Meadows is going great in its second record setting year. All attendance and pari-mutuel handle records are being topped in this outstanding year. A full report of the PM season will appear in the July issue of the Oregon Thoroughbred Review.

The FBI is probing race fixing at three Illinois tracks. The strongest evidence of fixing races has been uncovered where so called "gimmick" betting (perfecta events) are involved. Getting a horse with long odds to finish first or second results in large pari-mutuel pays. The wagers on these races do not show on the odds board as they go into a special pool. Thus, apparently an attractive situation for a fixed race.

A racing commission or board has much discretion available in granting licenses. Being licensed through a state Racing Commission or Board is a privilege, not a right. This has been held in legal case decisions throughout the U.S. Unless it can be shown that these commissions or boards abuse their discretion in granting licenses there is little hope for a reverse ruling by a court of law.

The annual George Woolf Memorial Award was made at Santa Anita Park on February 14 to Angel Cordero Jr. Named after the former great jockey, this award is presented to an outstanding rider based on his career talents and contributions to the profession. A 29-year-old Puerto Rican, Cordero, was the 23rd rider to receive the award.

Bowling has become a popular "get away from it all" sport for the Portland Meadows horsemen and personnel. There are 20 teams registered for the Tuesday night sessions at Crosley Bowl in Vancouver. Spectators are invited to cheer their favorites on and enjoy both the beginner and professional forms of the bowlers enjoying themselves as they roll games from 80's to 250's.

This report on steroids was recently given in the Morris Animal Foundation Animal News and Annual Report. Steroid effects on canine strength and physical performance are being studied at Colorado State University by C.J. Eagan, Ph.D. His first experiments were performed with rats and now additional information is being gathered from 43 male beagles. When given to the rats, steroids seemed to aid the fat-destroying effect of exercise. When given to young rats, the steroids increased muscle size. In addition, the rats taking steroids were able to run longer and farther than their competitors. For working dogs or racing and hunting dogs and horses, steroids might increase strength capacity earlier and keep the animals trimmer.

A new mud shoe has made its debut at Portland Meadows in winning style. Called the Double Calk (Pat. Pend.), a pair originally destined as sample shoes (they had to drill holes in them for the nails to be placed) were used by Don Harmon on Starry Legend, who recorded an allowance win on March 3. Impressed by these shoes Don then placed the same pair on Fine Performance, who won with them at 1 mile and 70 yards on March 4. Now convinced that the shoes did make a difference, and with only the one set available, he removed them from the second horse and placed them on a third horse, Empils Madness, who won a maiden race on March 10. All three of these horses won a race with the same set of shoes in the mud.

Ray Flirt, a 9 y.o. altered son of War Flirt - TayRay, owned by Joan and Dan Tanory had to be scratched. A vet examination disclosed he had shin bucked.

Late Whirl, a promising three-year-old filly with the parentage of Philately - Two and Whirl was lost with a stomach disorder while in training at Portland Meadows for the 1972 season. While running and winning in stakes company Late Whirl earned \$4,996 in her young and short career for her owners Mr. & Mrs. Elwood Faist.

The local jockeys have been engaging themselves in charity basketball games of recent. The short guys won their first hoop session against Whitaker grade school faculty. More games are scheduled for the season. The games are reported to be a real laugh getter, with the boys matching their antics to the famous Globetrotters.

:09 and change

FIXED RACES?

Many a time have we heard from the betting public about fixed races, the jock didn't let him run, or, they all bet on the one in front. With today's modern film patrol, competent patrol judges, and the watchful eyes of three stewards atop the grandstand we find it near to impossible to "fix" a race. However, there is always some skepticism. Just to prove how honest the finish of races are, I have done some research on a few "very well-planned fixed races". "Lights, camera, action" enters us into a film named "The Seabiscuit Story" and here we find the director and his assistants trying to 'get home the right horse'. It called for a particular horse resembling the great Seabiscuit to win a race and against a very inferior group of horses compared to the double. Finally after the running of this particular race NINE times over a span of several days they managed to get the chosen horse to win. In director Frank Capra's "Broadway Bill" filmed at the famous Aqua Caliente, a race was filmed over thirty times before they got it just right with the right horse home first.

And, recently a movie made for T.V. found the directors matching the winner to one of several selected video replays rather than to try the almost impossible task of getting a particular horse home first. Just proves a point - if you're going to have a fixed race, better plan it at the studio - Take 8, scene 11 - and on to the change...

HAD YOUR TRAINERS TEST?

Think about this for a minute. If you cannot point out the Gaskin, Dock, Croop, or Poll on a horse, you are not as knowledgeable in that field as the average 4-H member (equine divisions). The present programs for younger people in the horse sections of 4-H are developing learned minds and able horsemen. To be eligible for membership the youths must be between the ages of nine and nineteen.

HEAVY CLAIM

If you are about to venture into the claiming box with your hard-earned money, remember that it takes a 5-pound box of \$1 bills to claim one of the cheaper equines out of a \$1,750.00 tagged race. Of course the horsemen's bookkeeper might give you a right to the nose in doing same. Personally, don't know how long it takes to count out 1749, 1748, 1751, uh . . . uh . . . 1750 one dollar bills. . .

by j. nine

GEORGE OREGON?

I cannot tell a lie, First President, bred and raised by Mr. and Mrs. Don Mitchell is an Oregon bred son by Philately out of Miss Nechao. First President was born on Feb. 22, and named in honor of George Washington.

LONGEST WINNING STREAK

A mare named Kincsem has made an etch in time for the liberation movement of the female sex. Foaled in 1874 and racing in Europe she compiled fifty four straight wins and never was beaten. She confined her career to Germany, Hungary, and Austria. It still remains the longest winning streak for any race horse.

TEXAS SIRES FOR HIRE

Ever hear a Texan say they didn't have as many, not as much, or not the biggest? Probably, because there are a whole lot of biggies in that Lone Star state. So when it comes to boasting about their horse industry they can rightly do so. There are no tracks with Pari-mutuel betting and fewer tracks with even non-betting thoroughbred racing. However, Texas can account for over 120 Stallions for breeding and ranks with the top Thoroughbred Breeding states in the nation. Their impact on the Thoroughbred industry is BIG, Pardner!

WORKOUTS ESCAPE BETTORS

She worked on Feb. 4 breezing in company from the gate in :37 4/5 on a Frozen track. And when raced on the 13th Linda Mon won and paid \$50.20, 10.00, 6.40. A gelding named He Don't won on the same day and paid \$31.60, 11.60, 5.20. He worked on 2-3-72 660 yds in :34.82. Both horses had black type works and the fastest workouts in their race. Also, on that unlucky (?) thirteenth day of February Vida Bell won with a creditable work on her form of four furlongs in :54 1/5 on a heavy track. Only one other horse in her race had a workout faster and that was over a fast or frozen condition. She paid \$28.40, \$20.20, 8.60.

PLATE MISNOMER

The racing plate referred to as the "Sticker" for mud shoe identification is not technically the same. Mud shoes are actually termed Jar Calks and stickers generally refer to the outside or both tips of the hind shoes on a horse.

TATTOOED A TO Z

In 1945 Spencer J. Drayton set up the present Tattoo system that is employed at almost every track in the nation for the identification of horses. Each horse is tattooed on the inside of the upper lip, with numbers according to their foal registration papers preceded by a letter corresponding to the year they were born. Using the alphabet and starting with the letter A, the T.R.P.B. has finally used every letter in the Alphabet and will start over again for the foals of 71.

Oregon Bred Horse of the Year

DuCall the very best. In addition to being Oregon Horse of the Year for the second time, he was the choice for the Horse of the Year honor for the Arizona Downs-Turf Paradise meeting. DuCall took three important features in the sunny climate and also gathered additional titles of Best Handicap Horse and Best Older Horse for the Phoenix season. DuCall is owned by Sherman Conley. The duties of trainer were assumed by Willard Conley after the death of brother Herbert Conley shortly after the close of the Phoenix meet.

Now standing at his new home

BOBBY'S LEGACY

Study this pedigree — No other like it on the West Coast

	Bobby Brocarto	Natchez	Jamestown
		Dorothy Brown	Creole Maid

The proof of a stallion's ability lies solely in the racing records of his offspring.

- **ROSS SEA** gets runners. In six small crops he has 22 winners of 108 races. (An average of \$15,764 per starter).
- **ROSS SEA** gets horses with class like Stakes Winners Road to Rock (26 wins and \$204,804); Flashy Ross (8 wins and \$54,718).
- **ROSS SEA** gets horses that are sound. In 1971 he sired 11 runners that were from 5 to 8 years old. Ten of these won 19 races and \$70,708.
- **ROSS SEA** gets runners that win at two - 18 in fact. And ten of these were winners at 5 and older (see above).

(Portrait of a Bush Champ cont.)

crown" and was never seen around Sage Acres again. Gold Dust's career continued through age 12. His 63 purse wins and countless match race conquests included victories over horses well-known to many Oregon horsemen who have been around for a few years. Among them - Belagram, Big Susie, Brilliant Gold, Fleet Check, Jazzy Fay, Idaho Joe, Jenellette, Kelisto, Rose Crusader, Scotty Cunard, Top Fairy (dam of many Portland Meadows winners), and U-Unity (Ted Smith's winner of the 1955 Oregon Derby.)

It was in 1954, as a 9-year old, that Gold Dust packed a 200 pound buck down out of Idaho's Owyhee Hills. That same year, in addition to winning his usual quota of races, Gold Dust also took part in his first parade. As a participant in a rodeo Grand Entry, he did just fine until the "serpentine" began. Then, thinking he was in a race, he ran off with his rider and became the subject of a forced exit.

Gold Dust's final win came in 1957, his one and only start as a 12-year old. Because his owners' grocery allotments needed a little supplementing that summer, Gold Dust was loaded up straight out of pasture (with no training) and shipped to Emmett to run in the Cherry Derby. The local newspaper's advance story on the race said that the Derby field would include "horses going back to some of the top blood lines in U.S. turf circles." The story's writer definitely had a sense for the dramatic, no doubt about it. But it's slightly ironic, don't you think, that the race was won by a chestnut gelding with two crooked legs whose recognized sire was a palomino named Cornsilk?

NEVER BEND, sire of BENDBERSANDAL, was a top stakes winner of \$641,524. He was the champion 2 yr. old colt of 1962; winner of the Futurity, Champagne, Cowdin S. and 4 other races. He won the Flamingo S. and was 2nd in the Kentucky Derby, and Woodward S. (to Kelso) at 3.

European Champion, MILL REEF, winner of the English Derby, and Prix de l'Arc de Triomphe in France and over \$600,000 has made NEVER BEND known as a leading sire throughout the world. His many additional stakes winners are NEVER BOW, top handicapper, over \$400,000 including the Widener and Brooklyn Hdqps.; IRON RULER, \$455,702; LOQUACIOUS DON; TRIPLE BEND; PROUDEST ROMAN; and more. NEVER BEND is an outstanding success as a sire. He ranked 3rd in 1970 gross earnings with only 4 crops and 8th in 1971. He also ranks among the leaders in all other categories.

BERSANDAL is a young Stakes winner of 7 races. Her first foal, Port Sandal, won 3 races and \$15,310 at 2, 1970 with 3 Stakes placings. BENDBERSANDAL is her second foal and is unraced due to an injury but showed excellent speed in workouts.

BERSANDAL is from the family of BERNBURGGOO, top Stakes winner of 14 races and \$202,592; ROYAL MATTAR, stakes winner of \$67,738; FEARLESS LEE, stakes winner of \$111,089 and many other good winners.

BENDBERSANDAL is fertility tested and sound. He will stand his first season at stud in 1972.

Fee: \$750 live foal; very special consideration to stakes class racing or producing mares. New facilities for visiting mares; automatic waterers; high quality feed.

Standing at **J. WESLEY WEBB FARMS**

Flying Lark

Breeder: Preston Madden, Lexington, Kentucky

Classic Stake Winner — One Mile in 1:35 1/5 — 1 1/16 Mile in 1:42 1/5

On May 28, 1968, at Hollywood Park, **Flying Lark** ran a dead heat with Fiddle Isle. In 1970, Fiddle Isle was contender for the best grass performer of the nation.

Flying Lark will stand the 1972 breeding season at your choice — \$300, \$100 at booking not refunded, balance live foal. — OR — \$400, guaranteed live foal.

Boarding of visiting mares \$1.50 per day.

Application for booking or brochures may be directed to Don H. Jackson, 730 Redwood Hwy., Grants Pass, Oregon 97526. Telephone (503) 476-2208.

IT'S LIKE BEING ON CLOUD "9"
IN A GOOKSTETTER VAN

No, we don't drive clouds, but horses who travel with us feel like they're on it! Specially designed vans to absorb shock allows horses to ship better and arrive in better condition. While it is true we have the best equipment this side of "Cloud 9" there is no substitute for top men who handle the rigs and horses en route! We are proud of our experienced help, who in addition to being good drivers, are first and foremost top horsemen! . . . The best compliment paid us is the number of repeat and satisfied customers . . .

MAHOGANY

by Round Table—Natalie by *Nasrullah

Round out your breeding program with this fine son of Round Table.

Round Table was among the North American leading sires in 1971 of Average Earnings Per Start, Average Earnings Per Runner, and is No 2 sire in Gross Earnings with his progeny earning \$1,069,752 in one season.

Natalie, by *Nasrullah, adds further bounce to Mahogany's pedigree lines. A Stakes Placed winner and Stakes producer herself, her sire *Nasrullah has proven to be a highly successful sire and broodmare sire.

Mahogany's foals are carrying the Stakes running ability. WHIRLANY (SW Oregon Derby Division; SW McFadden Division) MOOSE MAHOGANY (SW Oregon Derby Division; SW 1969 Juvenile Mile-Playfair), and LILA LOUISE (SP 1970 Os West and Janet Wineberg). MAHOGANY also sired FOSTER HOME-STEAD (SP 1969 Os West; winner of four races) and winner NICOBAR (SP 1969 Drumheller-Longacres). Book your mare to the producing cross of ROUND TABLE on *NASRULLAH.

FEE: \$500—\$100 at booking, not refunded, balance when foal stands and nurses. Property of a Syndicate.
